

Let my Love Open the Door

Let people keep repeating
That you'll never fall in love
When everybody keeps retreating
You can't seem to get enough

**Let my love open the door
Let my love open the door
Let my love open the door
To your heart, to your heart, to your heart**

When everything feels all over
And everybody feels unkind
I'll give you a four leaf clover
Take all the worry out of your mind

**Let my love open the door
Let my love open the door
Let my love open the door
To your heart, to your heart, to your heart**

When tragedy befalls you
Don't let it drag you down
Love can cure your problems
You're so lucky I'm around

**Let my love open the door
Let my love open the door
Let my love open the door
To your heart, to your heart, to your heart, to your heart**
