

Every Time I Feel The Spirit

Ev'ry time I feel the spirit
Ev'ry time I feel the spirit
Ev'ry time I feel the spirit
Ev'ry time I feel the spirit movin' in my heart I pray

Ev'ry time I feel the spirit movin' in my heart I will pray-ay-ay
Ev'ry time I feel the spirit movin' in my heart I will pray

Well, on that mountain
where my God spoke
out of His mouth came
fire and smoke
I looked around me
and all did shine
I asked the Lord God if
all were mine

Oh, on that mountain
where my God spoke
out of His mouth came
fire and smoke
I looked around me
and all did shine
I asked the Lord God if
all were mine

Ev'ry time I feel the spirit movin' in my heart I will pray-ay-ay
Ev'ry time I feel the spirit movin' in my heart I will pray

I feel the spirit movin', I will pray
I feel the spirit movin', I will pray
I feel the spirit movin', I will pray
I feel the spirit movin', I will pray
I feel the spirit movin', I will pray
I feel the spirit movin', I will pray
I feel the spirit movin', I will pray
I feel the spirit movin', I will pray
I feel the spirit movin', I will pray
I feel the spirit movin', I will pray

Ev'ry time I
Ev'ry time I

Ev'ry time I feel the spirit
Ev'ry time I feel the spirit
Ev'ry time I feel the spirit
Ev'ry time I feel the spirit movin' in my heart I pray

Ev'ry time I feel the spirit
Ev'ry time I feel the spirit
Ev'ry time I feel the spirit
Ev'ry time I feel the spirit movin' in my heart I pray
